

# 1 Club Culture

## Definition

- Club culture is the shared attitude, behavior, habits, and environment of the club.
- It reflects *how things are actually done*, not just written rules.
- Culture is shaped daily through values, communication, leadership, and traditions.

## Core Elements of Our Club Culture

### ◆ Values

- Learning and continuous improvement
- Mutual respect and inclusion
- Teamwork and collaboration
- Innovation and curiosity
- Discipline and professionalism

♦ Behavior

- Members help and support one another
- Responsibility is taken seriously
- Punctuality and commitment are respected
- Mistakes are accepted as part of learning

♦ Communication

- Friendly, open, and encouraging conversations
- Constructive feedback instead of criticism
- Questions are welcomed without fear
- Healthy disagreement is encouraged

♦ Traditions & Habits

- Regular learning sessions and workshops
- Project demos and knowledge sharing
- Seniors mentoring juniors
- Celebrating small wins and achievements.

- ♦ Leadership Style

- Leaders guide by example, not authority
- Supportive, fair, and active leadership
- Leadership is service, not power

## Why Club Culture Matters

- Members feel safe and confident to learn
- Higher participation and collaboration
- Better quality projects
- Long-term sustainability and reputation

## Our Club Culture Statement

- *We are a respectful, supportive, and accountable tech community where seniors guide, juniors learn, responsibilities are honored, and healthy disagreement drives growth—not division.*

## **2** Code of Conduct

### ♦ *Respect & Inclusion*

- *Treat every member with dignity regardless of skill level, background, or role*
- *Healthy disagreement is allowed; disrespect and harassment are not*
- *Personal attacks, mocking, or discrimination are strictly prohibited*
- *Use polite and professional language at all times*

### ♦ *Responsibility & Accountability*

- *Accept tasks honestly and complete them on time*
- *Communicate early if delays or difficulties arise*
- *Take ownership of results and learn from mistakes*
- *Responsibility is a commitment, not a favor*

♦ *Communication & Disagreement*

- *Share opinions clearly, respectfully, and constructively*
- *Listen actively to different viewpoints*
- *Disagreements must focus on ideas and solutions, never individuals*

♦ *Leadership & Growth Opportunities*

- *Leadership roles require 2–3 months of consistent contribution*
- *Members must show ownership and a team-first mindset*
- *Core team is responsible for decision-making*
- *Seniors mentor; juniors are encouraged to grow*

♦ *Professionalism & Integrity*

- *Be punctual for meetings, events, and deadlines*
- *Represent the club positively online and offline*
- *Avoid plagiarism and always give proper credit*

- ♦ *Safe & Ethical Conduct*

- *Follow ethical practices in projects and technology use*
- *Do not misuse data, tools, or resources*
- *Maintain a safe, inclusive, and intimidation-free environment*

- ♦ *Consequences of Misconduct*

- *Minor issues will be resolved through guidance and discussion*
- *Repeated or serious violations may result in warnings, suspension, or removal*
- *Decisions will be made by the leadership committee*

- ♦ *Commitment*

- *By joining the club, members agree to follow this Code of Conduct*
- *Every member is responsible for protecting and strengthening club culture*

*Together, we build a respectful, supportive, and responsible tech community.*
